Worcester Consortium Oil Benefit Program 2011

Worcester Consortium is pleased to announce an attractive member only opportunity with Alliance Express. We have an exclusive offer reserved for the members of **The Worcester Consortium**. To enroll please call (866) 590-3326 and mention promo code **(OHR)**.

Program offer:

- ✚ **\$100 Account Credit:** Offered to *all* members of the Worcester Consortium, as a way of saying “welcome” to new members, and “thank you” to existing members.

Oil Pricing Options:

- ✚ **Protected Price Option:** This option provides a “ceiling” on the amount you will pay for home heating oil over the next 12 months. This means that your delivered price will not rise above the "ceiling", but should the market price drop, your delivered price would drop as well. There is a small enrollment fee associated with this option, but the downside protection you will receive is well worth it.
- ✚ **Market Price Option:** This option provides you with our competitive daily price. There are no enrollment fees, and your delivered price would be the market price on the day of delivery.

Free Tune up on heating or cooling plan:

- ✚ **Heating or Cooling Tune Up:** This plan provides you with a safety & efficiency evaluation, as well as a comprehensive system tune up.

Discount on Comprehensive Service Plans:

- ✚ **Silver Service Plan:** This comprehensive service policy provides you with comprehensive coverage on over 125 burner parts and controls ... in addition to the safety & efficiency evaluation and annual tune up.
Regular Price \$419.95
OHR Member's save 50%, your price \$209.95
- ✚ **Gold Service Plan:** The ultimate in heating system coverage. In addition to providing unparalleled parts and service coverage on your heating system, the Gold Service Plan can provide you with up to \$750 towards the cost of a new heating system.
Regular Price \$499.95
OHR Member's save 42%, your price \$289.95

*Automatic delivery customers only; not valid with others incentives & promotions. Credit approval required. Program is only available to members of the Worcester Consortium. Each program requires a 12 month contracted term. All pricing options are subject to change with the market conditions.
