Frequently Asked Questions: (FAQ)

What are the application deadlines for international students?

International applicants should complete their applications by the deadlines listed below. We cannot guarantee that students completing applications after the published deadline will receive an admissions decision in time to process visa requests. Accordingly, late applications may be considered for a later semester at the discretion of the Admissions Committee.

If you are not currently in the United States, it may take several weeks to get an appointment at the appropriate US Embassy or Consulate in order to secure a visa. You are advised to start the admissions process well before the application deadline to allow plenty of time for us to receive and review credentials mailed from outside the United States. On average, applicants receive an admissions decision two to four weeks from the date their application file becomes complete.

FALL semester application deadline: April 1st

SPRING semester application deadline: November 1st* (current F-1 visa holders only)

Are there scholarships and financial aid available for international students?

International students are eligible for a merit scholarship up to $15,000 USD ($1,875 per semester for up to eight semesters or upon completion of degree). Students are automatically considered for a merit scholarship as part of the admission process and awarding is based on academic credentials. However, there are no need-based scholarships or financial aid for international students.

How much does it cost to attend Worcester State University?

For the 2021-2022 academic year, the following represents an estimated annual cost of attendance, which includes tuition, fees, living expenses, health insurance, and books:

Full-time Undergraduate Students - $31,500

What happens after the completed application is received?

When your application becomes complete, the Admissions Committee will review your academic credentials and make a final admission decision. If you are admitted, Worcester State University will send an official letter of acceptance. A Certificate of Eligibility for non-immigrant status (form I-20) will be issued once an enrollment deposit is received and is granted for a specific semester only. If you are unable to attend during the designated semester, Worcester State should be notified immediately.

Can international students work on-campus?

Under federal regulations, international students at Worcester State are permitted to work on-campus up to 20 hours per week while school is in session. After one full academic year in F-1 student status, F-1 students may be eligible to apply for practical training authorization (i.e. CPT/OPT). Please contact the International Programs Office for more information.
