## IMPORTANT

1. By law, student information must be kept confidential. Go to <http://wwwfac.worcester.edu/it/policies/pdf/ferpa1.pdf> to review WSC policies regarding FERPA guidelines.
2. Users will be logged out of WebAdvisor after 30 minutes of inactivity. Have all materials ready prior to logging into the system.

## Troubleshooting

If you have difficulty accessing WebAdvisor:

1. Check the clock settings on your PC. The time, date, time zone, and AM/PM settings must be accurate or you will be unable to log into the system.
2. Your PC must be set to accept cookies.
3. WebAdvisor is case sensitive. Make certain to use lowercase letters when entering your username and password.

## Common Errors and Resolutions:

4. For a message stating to see the department secretary, the student is not eligible to use WebAdvisor for registration, add or drop, you need to see the secretary of the department of your major. Alternately, the Registrar's Office may be able to assist you.
5. For a message stating that the student is on hiatus or academic probation, contact the Registrar's Office. Only the Registrar's Office can clear this hold on your account.
6. For a message stating that the student owes money, contact the Bursar's Office. Only the Bursar's Office can clear this hold on your account.
7. For any other non-technical errors, contact the Registrar's Office. Inform the Registrar of the exact error message. Should the Registrar's Office be unable to clear the issue, they will direct you who to contact for further assistance.
