Dr. Champika Soysa Psychology
Dr. Heather Treseler English

Upon a motion made and seconded, it was

VOTED: to adjourn the meeting at
I am pleased to concur with the recommendation of Provost Lois Wims and I am forwarding to you nine proposals for sabbatical leave. This year there were a total of eleven proposals; 2 for Fall Semester 2017 and 7 for Spring Semester 2018, and two proposals were not recommended.

Each department chair has affirmed that the individual study for each candidate will contribute to the respective department’s course offerings. Also, I concur with Dr. Wims that each area of study will contribute significantly to their professional development as a scholar and teacher, and will benefit Worcester State University and its students.

Enclosed is a brief summary of the proposed sabbatical projects submitted by Provost Wims.

RE: AY 2017-2018 Sabbatical Leaves
DATE: October 25, 2016

I have reviewed the applications received for 2017-2018 sabbatical leaves. After a thorough review of all materials, I am recommending the following nine faculty who I deem are eligible for sabbatical leave and I submit them for your consideration:

**Fall of 2017 at 1/2 salary, effective September 1, 2017**
- Dr. Samuel O'Connell  Visual & Performing Arts
- Dr. Donald Vescio  English

**Spring of 2018 at 1/2 salary, effective January 1, 2018**
- Dr. Christina Bebas  Education
- Dr. Matthew Ortoleva  English
- Dr. Elizabeth Siler  Business Administration & Economics
- Dr. Robert Smith  History & Political Science
- Dr. Emily Soltano  Psychology
- Dr. Champika Soysa  Psychology
- Dr. Heather Treseler  English

I am not recommending two sabbatical leave requests at this time. Attached please find a summary of the sabbatical leave process and a brief description of each recommended sabbatical.

Sabbatical Leave Applications for 2017-2018

Sabbatical leave provides an opportunity for a period of study and research for full-time faculty every seven years. Sabbaticals serve as an important component of faculty professional development, ensuring that faculty members stay current in their fields and advance their scholarship, enhancing their contribution to the students and the university.

Sabbatical proposals are submitted by eligible faculty members to their department chairs each October 1st. Those who are department chairs submit directly to the Provost. Chairs forward their recommendation to the Provost. The Provost then reviews the proposals and recommends approval or denial to the President, who submits those recommended to the Board of Trustees for approval at the November Board meeting.

Ten sabbatical proposals were received for 2016-2017. Nine of them are recommended by President Maloney to the Board for approval. Of these proposals, 2 are for Fall semester leaves, and 7 are for Spring semester. Summaries of the proposals recommended for approval are attached and include the faculty member’s name and academic department, the time period requested, the title of the proposal, and a summary of the proposed sabbatical activities to be accomplished.

Faculty on sabbatical leave for one semester receive their full salary during the period of the leave. Those on full year sabbatical leave, receive one-half salary for the full year (we had no such applicants this year.) The cost to the institution for awarding sabbatical leave is for hiring part time, adjunct faculty to teach some of the courses that the faculty member on leave would have taught. Typically, not every course that would have been taught is offered during the sabbatical semester because some elective type courses can be postponed and taught during a later semester. Each department chair of the applicants has been contacted and has confirmed the department’s ability to cover the duties and courses while the leaves are in place.

Estimated cost for 2017-2018: Required courses will need to be covered by adjuncts for the 9 sabbaticals. Sections are offered based on student demand, not on faculty availability, and the number of courses offered each spring are lower than fall semesters with approximately a 2 to 4% drop in the need for adjunct coverage in the spring. Given that 7 of the proposed sabbaticals are for the spring semester, the cost may be less than estimated. At an average cost of $5,000 per section, this equals $130,000. Funds to cover this expense will be included in the adjunct line in the FY 18 institutional budget.
Sabbatical Proposals

Fall 2017

Dr. Sam O’Connell (Visual and Performing Arts) proposes a semester long sabbatical with four aims: a journal article in the field of black musical theatre history using The Wiz as a focus. Dr. O’Connell has previously been published on topics in black musical theatre. He will continue to collaborate with other universities regarding the American Society for Theatre Research and will edit a collection on student work in theatre programs in higher education to be submitted for publication. Further, Dr. O’Connell plans to take a Worcester State long term interdisciplinary project called CitySpeak to Nashville as a pilot. The Worcester program is an arts based urban planning which combines creativity and humanities research methods to engage citizens. This would be the first CitySpeak site outside of Worcester. Finally, Dr. O’Connell aims to explore collaboration for students and faculty with our sister institution The University of Worcester in Worcester, England.

Dr. Donald Vescio (English) proposes research that will integrate information technology, the process of writing, and writing pedagogy. Dr. Vescio will focus on the tools and techniques of writing and their connection to current and emerging critical theory. Dr. Vescio plans two scholarly articles, two conference presentations, and the production of self-paced modules for faculty interested in writing pedagogy. Dr. Vescio has been active in enhancing department and university assessment of student writing and believes his research will have implications for the writing program at WSU and beyond.

Spring 2018

Dr. Christina Bebas (Education) will examine attrition of early-career teachers using a model exploring Professional Development Schools which rely on partnerships between universities and local schools such as we have here at Worcester State University. Dr. Bebas will explore the models in use at other universities to potentially impact the attrition rate here and to influence that rate more broadly. Her plan is to produce papers for publication and for presentation at national conferences.

Dr. Matthew Ortoleva (English) proposes research into regional identity and writing studies particularly focusing on Down East region in Maine. His plan is to examine regional newspapers and magazines and employ document and ethnographic field analysis. Dr. Ortoleva expects the completion of his research and an article submitted for publication in a leading journal of writing studies.
Dr. Elizabeth Siler (Business Administration and Economics) proposes a participant-observation study of pregnancy and the workplace utilizing shadowing techniques and photography. This project will expand on her earlier research about pregnancy at work and the physical aspects of organizations. Dr. Siler plans at least two scholarly articles as a result of this work and will attend a Qualitative Research in Management conference to present preliminary data.

Dr. Robert Smith (History) will work on his third book entitled “An Atlantic Charter: The States, Foreign Policy, and the Constitution.” Dr. Smith’s work explores the foreign policy interests of states and their role in ratification. Dr. Smith will travel to multiple archives in the U.S. to conduct secondary research and begin a manuscript for submission by the end of 2018. His work will inform his U.S. history classes at Worcester State.

Dr. Emily Soltano (Psychology) plans to continue her research on the science of teaching and learning as cognitive psychology is applied. Dr. Soltano’s prior work has focused on strategies that influence comprehension and metacomprehension in the classroom given outlines, lectures, and short papers. She will partner with our sister institution in Worcester, England to examine the cross cultural differences in cognitive processing for educational material for US and British students. She will compare the resultant data sets across different years of a college education. Dr. Soltano anticipates national, regional, and international presentations and a scholarly article from the findings.

Dr. Champika K. Soysa (Psychology) plans two projects during her proposed sabbatical. First, a study of social identity in three ethnic groups in Sri Lanka experiencing in group identity and out group hostility. Her second study examines the concepts of mindfulness and serenity with undergraduate students (at WSU and Assumption) applying factor analysis. Dr. Soysa has continuously worked with undergraduate students in her research as a high impact practice. The data collection is complete but will require a scholarly manuscript for submission to a peer reviewed article.

Dr. Heather Treseler (English) will work on two projects during her proposed sabbatical. Her work on poet Elizabeth Bishop has drawn an invitation to lecture at the Sorbonne and collaborate with twenty five other scholars also contributing to a world bibliography on this poet. Dr. Treseler anticipates either a journal article or a book chapter from this scholarly work. Dr. Treseler will also continue with her own poetry development in the area of transformative mythology and the manuscript for two collections of poems. She expects both journal articles and a full length manuscript to result from the sabbatical.

Trustee Craig Blais, Vice Chair  
Trustee Maryanne Hammond, Vice Chair  
Trustee Aleta Fazzone  
Trustee Corey Laite  
Trustee Karen LaFond  
Trustee Stephen Madaus  
Trustee Dina Nichols  
Trustee Shirley Steele  
Trustee David Tuttle  
President Barry Maloney, Secretary  
Ms. Judith St. Amand, Assistant Secretary  
Ms. Nikki Kapurch, Special Assistant to the President

ABSENT:  
Trustee Marina Taylor

In accordance with the provisions of General Laws, Chapter 30A having been complied with, and a quorum present, a meeting of the Worcester State University Board of Trustees was held on Tuesday, October 18, 2016 in the Multi-Purpose Room of Sheehan Hall. Trustee Albro called the meeting to order at 6:32 p.m.

PARTNERSHIP WITH OFFICE OF NAVAL RESEARCH PRESENTATION

• Dr. Hemant Pendharkar, Professor in the Department of Computer Science, thanked the Board for granting him time to share his work with Dr. Scott Batson and Dr. Bryan Williams from SPAWAR  
• They were here as a follow up visit to discuss future projects and look at possible avenues for a collaboration between SPAWAR and WSU which would bring undergraduate research, independent study, internships and exposure to cutting edge research for our students  
• Dr. Pendharkar was one of four faculty chosen as a Faculty Research Fellow for the SPAWAR Atlantic Center, located in Charleston  
• Visitors will meet with President Maloney to discuss possible collaborations and the work done by Dr. Pendharkar in more detail  
• The Trustees thanked Dr. Pendharkar for a very informative presentation.

APPROVAL OF MINUTES – September 13, 2016

Upon a motion by Trustee Fazzone and seconded by Trustee Blais, it was unanimously

VOTED:  
to approve the minutes of September 13, 2016 as submitted.
CHAIR OF THE BOARD UPDATE

• Great Homecoming Weekend – close to 3,000 visitors – enjoyed by all and special thanks to those who planned the event
• Distinguished Donors Reception is upcoming on October 27th – always a very elegant and enjoyable evening
• Process for selecting a Dean of the School of Humanities and Social Sciences is coming to a close
• Had an opportunity to sit in on open interviews and found the process most interesting
• Very important role for trustees to be involved in to show our interest in the hiring of personnel for such key roles on campus
• The Board is very supportive of the faculty, students and staff and continues to be impressed with the many strides WSU continues to accomplish.

Naming of the Floor in Competition Gym of Wellness Center

• Chairman Albro shared with the group that he had received several letters recommending and supporting the naming of the basketball court in the new Wellness Center in honor of John Brissette
• All noted the amount of time and effort that John put into making the dream of our Wellness Center a reality
• He is a tireless supporter of the University and especially in the arena of all athletics
• He is an alum who has been tremendously loyal serving as an Alumni Board Member, Board of Trustees member, financial donor and will be inducted on November 5th into the WSU Athletic Hall of Fame as a Contributor
• All agreed that John Brissette is most deserving of this honor
• The support for naming the basketball court in honor of John P. Brissette was unanimous and the Board recommended after careful review and consultation, and in accordance with the policy in place for naming facilities, to instruct President Maloney to approve and work with appropriate parties to name the floor in the new Wellness Center Competition Gym after John P. Brissette
• The Board further instructed President Maloney to reach out to Mr. Brissette with this offer and to work with him and WSU staff in planning the event to officially name this facility
• The Board also requested that this naming event take place during the Athletic Hall of Fame Banquet if it is at all possible.

PRESIDENT’S REPORT

• President Maloney thanked the members of the Board who attended the interviews for the Dean of Humanities and Social Sciences

President’s Update

• President Maloney noted that the President’s Update is in a new format and will focus on the various goals of our Strategic Plan
• It is the hope that the new format will promote a better understanding of progress being made toward achieving strategic goals
This month’s focus is on the goal: Promote financial strength and organizational stability

**Five Years of Leadership and Progress: 2011-2016**
- A hardcopy of this document was distributed to the Board – will be shared with other Boards and friends of WSU
- Document provides an opportunity to reflect on the many accomplishments achieved during the first five years of President Maloney’s tenure

**Cleary Report Update**
- The Clery Act began when Congress enacted the *Crime Awareness and Campus Security Act of 1990* in honor of Jeanne Clery, a Lehigh University student who was raped and murdered in her dorm room
- The original Act established the 1st of many amendments concerning campus safety to the *Higher Education Act*
- Since that time more regulations and additional amendments have been added for institutions to report crimes and public them annually
- In 1998, the Act was renamed the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics* or in abbreviated form, *The Clery Report*
- Each year all postsecondary institutions must disclose crime statistics by October 1st for the previous three calendar years
- Within the categories, each institution must breakdown the statistics into four geographic locations: On-campus and On-Campus Housing, Non-Campus and public property
- To accomplish this, the University Police review and sort all reported incidents through their date system as well as collaborate with Title IX, Student Conduct, and local police department
- A copy of the report is available by contacting the WSU Police Department of at the University Police website: [http://www.worcester.edu/University-Police](http://www.worcester.edu/University-Police)

**APPOINTMENT OF INTERIM DEAN OF HUMANITIES AND SOCIAL SCIENCES**
Upon a motion by Trustee Hammond and seconded by Trustee Blais, it was unanimously VOTED: to appoint Dr. Raynold M. Lewis to the position of Interim Dean for the School of Humanities and Social Sciences, based upon the terms described in his letter of appointment dated October 6, 2016.

**FINANCE AND FACILITIES COMMITTEE REPORT**
Trustee Blais, Chair of Finance & Facilities Committee, invited VP Kathy Eichelroth to join the group and to provide a brief summary of the FY 2016 Audit Report and the impact of the pension obligation as required by the Government Accounting Standard Bulletin #68.
- A final report of the Audit was not available to include in the posting of materials prior to the F & F Committee meeting
A revised Draft (10-18-16) was distributed at the meeting with the pension related figures and a final document will be produced once approved and adopted by the full Board.

The audit firm provided a clean opinion and there were no findings.

The assets of Worcester State University exceeded its liabilities at the close of the most recent fiscal year by $104,279,191 (net position). Of this amount, $13,592,318 is classified as unrestricted net assets. The figure is down from FY 2016 due to the draw of $9,500,000 of reserve funds as an equity contribution to the construction of the Wellness Center that occurred in September of 2015, in addition to the required GASB 68 accrual of pension expense of $2,764,131.

The University’s total unrestricted net position decreased by $10,511,960 with a total change in net position of $24,407,611. Operational items that influenced the total change in net position includes income before other revenues, expenses, gains, or losses of ($1,630,916), in addition to the capital appropriations of $23,038,527 to fund Wellness Center Construction. The net loss prior to capital appropriations is directly attributable to the Commonwealth of Massachusetts pension obligation accrual required by GASB 68.

All plans, including any studies for the May Street property, will be shared with the Finance & Facilities Committee.

The University’s viability ratio, calculated as expendable net position divided by long term debt is 1 : .71 and 1 : 1.05 respectively, as of June 30, 2016, and June 30, 2015.

The viability ratio measures the availability of expendable net position to cover debt as of the balance sheet date.

A ratio of 1:1 or greater indicates an institution has sufficient expendable net position to satisfy its debt.

The University anticipated a significant downturn in its viability ratio in FY 2016 in anticipation of transferring $9.5M to DCAM in September of 2016 in accordance with the financing plan for the Wellness Center.

During the coming year a plan will be put in place to restore reserves and improve the University’s operational ratios.

Upon a motion by Trustee Hammond and seconded by Trustee Nichols, it was

VOTED: to accept the recommendation of the Finance & Facilities Committee and approve the FY 2016 Audit Report and to authorize the submission of the final document as required.

EMERGENCY REPAIRS – 535 CHANDLER STREET

VP Eichelroth submitted a memorandum dated October 5, 2016 describing the emergency repairs that were required at the President’s residence located at 535 Chandler Street.

It was noted for members of the F&F Committee that the Worcester State Foundation is the owner of the property and there is an MOU that requires the University to provide all upkeep and repairs.
The situation with the electrical system was deemed a safety hazard requiring emergency action.
The cost of repairs was $12,781.44 and vendor invoices were submitted with the memorandum of October 5th.

Upon a motion by Trustee Steele and seconded by Trustee Fazzone, it was unanimously

**VOTED:** to accept the recommendation of the F & F Committee and approve the completed emergency repairs at 535 Chandler Street in the amount of $12,781.44 as described in the memorandum of October 5, 2016 from VP Eichelroth and in accordance with the terms described in the MOU between the Worcester State Foundation and the University.

**OTHER BUSINESS**
- President Maloney discuss the possibility of a Board Retreat in early January
- Chair of the Board is looking at possible January 9th beginning at noon and ending with a full Board meeting
- An official vote to change the date of the meeting will take place in November if needed
- A DRAFT agenda will be circulated for review and input regarding ideas to be discussed
- Retreat is to review pertinent information to the Board and no deliberations or action will be taken by the Board
- President Maloney also briefly reported on the fire in the Student Center last Friday evening
- It was located on the third floor in the facilities used by Chartwells to prepare food for various events
- By accident, a sterno was not fully turned off and a nearby box ignited
- Approximately $250,000 worth of damage to the area – mostly ceiling repairs
- With no insurance, University is liable for repairs
- The Chair of the Board reminded members that during the next couple of weeks a letter seeking your support will be sent and it would be great if the Board continued to reach a 100% donation goal

Upon motion by Trustee Blais and seconded by Trustee Fazzone, it was unanimously

**VOTED:** to adjourn the meeting at 7:45 p.m.

Respectfully submitted,

Judith A. St. Amand
Assistant Secretary
President’s Message

Academic excellence and innovation, one of our strategic plan's goals, can be measured in several ways, many of which are outlined in this issue of the Update. For example, over the past five years, we have invested in hiring new faculty with terminal degrees and filling vacancies, while growing our full-time faculty by nearly ten percent.

Providing an excellent education extends beyond the classroom. As compared with students enrolled in elite private colleges, many of our students have limited experiences with the world beyond Massachusetts. An "excellent" education should ensure that these students become confident actors on the world stage, and we have actively pursued this goal. From 2010 to 2014, the number of students who have "studied away" has increased by 160 percent.

It takes considerable work to establish viable, robust partnerships with institutions around the world. In September, two students, Trustee Maryanne Hammond, Dean of the School of Health, Education and Natural Sciences Linda Larrivee, Biology Department Chair Steven Oliver, Carl Herrin, and I traveled to Ireland and Northern Ireland to forge new ties and build upon some established ones. We met with the President of University College Cork and are looking to a new affiliation agreement soon. After our visit, our existing partnership with Letterkenny Institute of Technology (LYIT) soon will offer students new STEM options through their science department. While some of us were in Letterkenny, others were in Derry and three other Northern Ireland communities, forging a new partnership with Ulster University. That prospective exchange agreement likely will focus on STEM fields (including health-related subjects) and an Irish Ethnic Studies summer program.

Trustees will hear a presentation on the visit and its outcomes at the November meeting. It is important that we continue to grow our connections with colleges and universities around the world, to ensure that a Worcester State education is truly "world" class.
Strategic Initiative #1: Academic Program and Excellence
Enhance the undergraduate academic program and expand graduate programs in a community of learning that promotes academic excellence and innovation.

More clearly articulate the purpose of WSU’s general education program and promote greater cohesiveness within the Liberal Arts and Sciences Curriculum (LASC).

Action Item (Enrollment Management)
Improve recruitment materials, website, and catalog presentation of LASC (Liberal Arts and Sciences Curriculum) using catalogue management software.

Measurements for Success
Implementation of the catalogue management software has begun and will conclude in FY 2017. When done, more informative and aesthetically pleasing webpages will better promote the Liberal Arts and Sciences Curriculum.

In Collaboration with Academic Affairs, Enrollment Management
Strengthen the process of collecting, sharing, and using data to create a culture of assessment and learn from assessment feedback to improve the student experience.

**Action Item #1 (Enrollment Management)**
Utilize information about Worcester State graduates to shape recruitment and yield activities for new students.

**Measurements for Success**
Develop methods for collecting post-graduation student data (careers, income, etc.) to shape recruitment and yield-to-enrollment.

*In Collaboration with Student Affairs, University Advancement*

**Action Item #2 (Student Affairs)**
Increase the number of undergraduate students who complete the American College Health Association Assessment by 50%.

**Measurements for Success**
Worcester State will gain a greater understanding of its students’ wellness behaviors, which can assist in a unified approach to program planning and services.

*In Collaboration with Academic Affairs*
Build the infrastructure to support growth in graduate offerings and enrollments.

**Action Item #1 (Administration and Finance)**
Implementation of Elevate, a product to create user-friendly processes for enrolling in and paying for continuing education offerings.

**Measurements for Success**
Implement Elevate and create a baseline for future benchmarking. This new system also provides for measuring financial success of programs and offers transparency about enrollment and program cost.

**In Collaboration with Academic Affairs**

**Action Item #2 (Academic Affairs)**
Develop new graduate programs to meet the needs of local populations and to leverage emerging economic and workplace trends.

**Measurements for Success**
The Business and Economics Department has developed a new marketing concentration in their graduate program. This concentration has enrolled its first cohort and is expected to grow during the next three years. Urban Studies is proposing two new graduate programs for Fall 2017: Masters in Public Administration & Policy (MPAP); and Masters in Public Management (MPM). These programs will provide greater access to management level positions for under-served populations.

**Action Item #3 (Academic Affairs)**
Established thirty-five Graduate Assistantships for Academic Year 2016 – 2107.

**Measurements for Success**
Provide graduate students meaningful engagement with campus in research and service provision.

**In Collaboration with Administration and Finance**
Place greater emphasis on research and strengthen the research infrastructure to support the creative and scholarly pursuits of WSU faculty.

Action Item (Academic Affairs)
Provide opportunities for faculty and students to engage in collaborative scholarly research.

Measurements for Success
Continued growth in research opportunities for students with faculty. Communication Sciences and Disorders students collaborated with Nursing and Occupational Therapy students and faculty, leading to five publications and a series of student presentations.

In Collaboration with University Advancement

Develop and offer distinctive programs that emphasize community impact, service learning, creativity, and environmental stewardship.

Action Item #1 (Academic Affairs)
Develop strong internship opportunities that enable students to engage with the community and provide real-world professional experience in their disciplines.

Measurements for Success
Increased number of student internship placements. For example, the Communications Department has over thirty years of successful student internship placement with non-profits, businesses, and educational institutions. Grade-based assessment and portfolio development, faculty mentors, and organizational sponsors ensure that students obtain the skills necessary for professional development and employment.

In Collaboration with Student Affairs
**President’s Update**

**Action Item #2 (Academic Affairs)**
Develop flexible program options for degree completion.

**Measurements for Success**
Development of flexible programs to meet student need and which address marketplace trends. For example, the Liberal Studies major was established to enable students to develop individualized programs of study to meet their specific interests. This past academic year, the major’s first six students graduated.

**In Collaboration with Enrollment Management**

> Develop and offer innovative, integrative academic programming that supports and advances a model of transformative change in students.

**Action Item (Academic Affairs)**
Provide students with study abroad and study away opportunities to enhance their education and broaden their experience.

**Measurements for Success**
Increased opportunities for study abroad and study away opportunities. For example, the Department of Business Administration and Economics has a strong international exchange relationship with the Czech University of Life Sciences in Prague, Czech Republic, with three Worcester State students currently studying in Prague.
Encourage more interdisciplinary and cross-departmental collaboration in teaching and research.

Action Item #1 (Academic Affairs)
Develop interdisciplinary programs to leverage existing academic resources and expand learning opportunities for students.

Measurements for Success
Development of sustainable interdisciplinary academic programs. For example, the Criminal Justice Department collaborated with the Biology, Psychology, and Chemistry Departments to create an interdisciplinary Forensic Science Minor. This minor is expected to be offered in Fall 2017. A minor in Psychobiology is under development by the Departments of Biology and Psychology.

Action Item #2 (Academic Affairs)
Develop teaching models to promote more integrated learning.

Measurement of Success
Implementation of co-teaching models in first-year and senior capstone course offerings. The Department of Psychology, for instance, has developed a first-year seminar titled “Self in Society,” which culminates in a field trip to the United Nations for students to experience textbook theories in real-life situations.

Action Item #3 (University Advancement)
Build partnerships with Worcester State alumni to establish more opportunities for interdisciplinary teaching.

Measurement of Success
Increased number of sustainable long-term alumni partnerships. For example, the Alumni Office partnered with the Occupational Therapy Department on an event honoring retiring professor Jackie Brennan and professor emeritus Margaret Hart. OT faculty collected names and locations from alumni of the program for student practicum placement. Alumni also were asked about their interest in teaching courses.

In Collaboration with Academic Affairs
Make stronger connections between students’ classroom learning and experiential learning achieved through extra- and co-curricular programming.

Action Item #1 (Student Affairs)
Collaborate with HC 338: Peer Education Training to expand student Peer Health Educators group.

Measurements for Success
Development of research-based, impactful health programming on a consistent basis from a peer-to-peer model.

In Collaboration with Academic Affairs

Action Item #2 (Student Affairs)
Collaborate with Celebration of Scholarship and Creativity by bringing employers to offer Reverse Career Fair.

Measurements for Success
Students will gain valuable interview and career networking opportunities.

In Collaboration with Academic Affairs

Action Item #3 (University Advancement)
Solicit outside funding to support innovative academic programming.

Measurements for Success
Annual assessment of program growth and success. For example, Worcester State alumnus, Imoigele “Imo” Aisiku ’91, M.D., committed $1 million to support the University’s Center for STEM Research and Education. The Center will enhance student learning and faculty development in the STEM fields through facilitating interdisciplinary faculty and student research, faculty training, and workforce preparation programming. Assessment will begin this academic year, with the STEM center reporting at the conclusion of 2016-2017.

Dr. Russ Pottle  
56 Butler Street, Apt. 1  
Kingston, PA 18704

Dear Dr. Pottle,

I am pleased to offer you the position of Dean for the School of Humanities and Social Sciences, effective January 17, 2017 at an annual salary of $138,000.00, which equates to $5,307.69 bi-weekly. This offer is contingent upon approval by the Board of Trustees, and I will submit my recommendation to them at the next board meeting on November 15, 2016.

This is a fully benefited, exempt, non-unit professional position, with the terms and conditions of your appointment governed by the Massachusetts Department of Higher Education, as well as all applicable state and federal laws. You will report directly to the Provost and be held to the standards of the university, Board of Trustees and the Massachusetts Department of Higher Education. You will serve in this position at the pleasure of the President and the Board of Trustees.

Ms. Suze Jean-Charles, Benefits Administrator, will reach out to you to discuss benefits including health insurance, dental insurance, retirement plan options, paid time off, flexible spending, etc., prior to your start date. She will arrange a one-on-one orientation that is amenable to your schedule. If you have any questions in the meantime, please do not hesitate to contact her at 508-929-8054 or sjeancharles@ worcester.edu.

I have no doubt that you will be an asset to the School of Humanities and Social Sciences, and look forward to having you join our team. Please indicate your acceptance of this offer by signing below and scanning a copy to Human Resources within 3 business days.

Sincerely,

Bardy M. Maloney  
President

I accept the offer of appointment as Dean of the School of Humanities and Social Sciences and agree to the terms as stated above.

Dr. Russ Pottle

Date 10.27.2016

Cc: Susan L. Moore, Director of Human Resources  
Cc: Dr. Lois A. Wilms, Provost  
486 Chandler Street • Worcester, Massachusetts 01602-2597 • 508-929-8000 • www.worcester.edu
TO: President Barry Maloney
FROM: Lois A. Wims, Provost and VPAA
RE: Appointment of Dean of Humanities and Social Sciences
DATE: October 25, 2016

We have concluded the search process for Dean of Humanities and Social Sciences. Three finalists visited campus during the first two weeks of October and met with campus constituencies including faculty, trustees, students and staff. Feedback surveys from each respondent were shared with the search committee members and the Provost. I am grateful to the search committee for their efforts over these last months to bring such qualified finalists to campus.

I highly recommend Dr. Russ Pottle to you as the candidate most suited to the position and request that his name be placed before the Board of Trustees at their November meeting. The search committee called out Dr. Pottle’s breadth of experience as a dean, his communication style and his ‘overall understanding of the complexities of the position.’ Others noted his articulate and astute emphasis on the importance of the liberal arts in higher education. Dr. Pottle is active with the Council of Colleges of Arts and Sciences and has extensive experience in accreditation with both NEASC and the Southern Association of Colleges and Schools. He has served as a Dean since 2000 in three institutions and also brings experience in admissions. His curriculum vitae is attached.
