Total your Estimated Resources: \$ _____

Total Estimated*Direct Costs (from above): +\$ _____
minus Total Estimated Resources (from above): - \$ _____
equals Balance Due for the Academic Year: = \$ _____ (over)

You should take into consideration that you will have Indirect Costs, too. Indirect Costs are out-of-pocket expenses that you will incur throughout the academic year. Indirect Costs include books (varies but budget for about \$700 each semester), laptop (budget for about \$1,000), transportation (varies but budget for about \$1,000 for the academic year).

Federal Work Study is not a resource towards the bill. If awarded, you earn it to use towards your Indirect (out-of-pocket) Costs. Federal Work Study does not have to be repaid.

Balance Due may be covered with cash (per semester), credit card (per semester), the monthly payment plan (go to <https://mycollegepaymentplan.com/wsuv>), a parent PLUS Loan (go to <https://studentaid.gov/app/launchPLUS.action?plusType=parentPlus> after you receive your bill), or other private student loans (google “private student loans” and apply after you receive your bill).

Independent students (as designated on the FAFSA) may request additional unsubsidized loans. Dependent students (as designated on the FAFSA) may also request additional unsubsidized loans if their parent is denied a PLUS loan. The amount of the additional unsubsidized loans referred to above is up to \$4,000 if the student has completed fewer than 60 credits or up to \$5,000 if the student has completed 60 or more credits both limited to the difference between the cost of attendance and other financial aid.

*Amounts are estimated. Actual charges will be reflected in your bill.
