• **Academic Excellence**: We are committed to providing opportunities to excel in a close-knit learning environment characterized by distinguished faculty, excellent teaching, and creative linkages between classroom learning and real-world experiences.

• **Engaged Citizenship**: We are committed to promoting community service, social justice, the democratic process, environmental sustainability, and global awareness to prepare students to be active and informed citizens.

• **Open Exchange of Ideas**: We are committed to inviting and considering the most expansive range of perspectives in teaching and learning, in scholarly and creative work, and in the governance of a complex, diverse institution.

• **Diversity and Inclusiveness**: We are committed to being an inclusive community in which our diversity enhances learning for all and in which people from all cultures and backgrounds have the opportunity to participate fully and succeed.

• **Civility and Integrity**: We are committed to respecting the dignity of all members of our community and to demonstrating this commitment in our interactions, decisions, and structures.
**Vision for 2020: Our Destination**

The WSU we envision in 2020 will be more widely recognized as an educational innovator. Its faculty and staff will be unified behind a model of transformative change in students. Its academic program, which creatively integrates classroom learning with experiential learning that takes place beyond the classroom, will be responsive to the identified priorities of the Commonwealth of Massachusetts and the evolving needs of a complex global community. As a public university grounded in the liberal arts tradition, WSU will be preparing well-rounded, culturally sensitive and socially conscious critical thinkers and problem solvers who are well prepared for chosen professions or advanced study.

By the year 2020, WSU will have solidified a reputation for student-centered educational best practices. The university will continue to be known for the value of the education it provides while also building its reputation for the quality of its academic program, faculty, staff, students, and facilities. In an environment that prizes academic excellence, nurtures creativity, and expects civic engagement, students will be pushed and supported by a faculty and staff committed to helping them succeed – in their studies and in life. The impressive success of WSU alumni, who are leaders in their professions and caring citizens of the world, will be a source of inspiration for students and a testament to the value of a WSU education.

By 2020—10 years after WSU attained university status—graduate school offerings will have expanded strategically to meet growing demand. WSU’s commitment to supporting the scholarly pursuits of its faculty will be deeper than ever, thereby fortifying the university’s reputation for thought leadership.

WSU’s unique place within the Massachusetts state university system and among regional institutions of higher learning will be clearly established as a result of well respected programs that serve as beacons and also as a result of strategic marketing that draws attention to WSU’s distinctive strengths. WSU’s already strong offerings in the liberal arts and sciences will be further distinguished and enriched through interdisciplinary connections and foundational support from WSU’s innovative and integrative general education program. The university also be viewed increasingly as a destination school; its growing appeal as a first-choice option will be attributable in part to distinctive offerings such as a new Honors College, highly regarded pre-professional degree programs in traditional and emerging fields, and a number of centers and institutes designed to serve both the campus community and the greater community of central Massachusetts.

WSU’s urban location will represent a competitive advantage for WSU because of how it is leveraged as a valuable educational asset for those who study, teach, and conduct research here. Reflecting its longstanding and deep commitment to community engagement, WSU will be more tightly and broadly connected with its surrounding neighborhoods, the City of Worcester, and the wider world in ways that enrich students’ academic experiences and expand...
their worldviews. The university will be perceived and appreciated in Worcester and the region as a committed community partner, a vibrant cultural resource, and a welcoming place for those seeking lifelong learning opportunities.

The sense of community, sense of belonging, and sense of pride on campus will be stronger than ever. WSU’s faculty, staff, and students – traditional and non-traditional, undergraduate and graduate, part-time and full-time – will all feel embraced, equipped, and empowered to do and be their best. A collaborative work environment based on mutual respect and mutual accountability will foster commitment, teamwork, and excellence. Effective leadership and transparent communication will encourage the open sharing of information and ensure alignment around shared goals for WSU.

Alumni, particularly young alumni, will be more engaged with and better supported by their alma mater than ever. WSU’s enhanced reputation and higher profile will be resulting in a growing number of applications for admission and an expanding pool of donors eager to support the university’s mission, faculty, and students. These and other strategies to generate revenues, together with ongoing efforts to contain costs, will create a financially sustainable business model while yielding resources that can be invested strategically in WSU’s future. The university’s physical plant and infrastructure will be well maintained, up-to-date, and supportive of WSU’s paramount objectives: to promote academic excellence and to build community among diverse constituents who have at least one thing in common: their decision to choose Worcester State University.
